realistic 90d upside*

*Realistic upside assumes filling one third of your open nights at your current rate — a conservative scenario, not a promise; open nights may include dates you have deliberately blocked. How we scored: everything above comes from your live public listing — the 3-month availability calendar, photo set, title, description and review signals, captured on the date on the cover. Scores weight what guests see first when deciding to click: title and cover photo, then photos, then copy. No third-party estimates are used. Demand signal reflects how much of your next 90 days is already booked — steady bookings mean demand exists and presentation, not location, is the constraint. Where the diagnosis cites your review count, that's the listing's own public review total at capture (a new listing starts at zero even when the host profile has reviews).

What's holding you back

- 1** Title exceeds Airbnb's recommended 50-character limit (has 52 characters) and lacks SEO-focused descriptors like 'contractor' near the beginning
- 2** Nightly rate is £63.60 below cohort median (£91.0 vs £154.60) yet occupancy remains 4.3 percentage points below market norm (43.5% vs 47.8%)
- 3** No amenities listed in the database despite free parking being mentioned in title - a major lost opportunity to claim ownership of a valuable differentiation factor

Your description, rewritten

Looking for a flexible, affordable workspace with free parking? Our 2BR home is ideally suited for contractors, remote professionals, or small groups. Located within easy reach of the city's top employers, this modern retreat offers a fully equipped kitchen, dedicated workspace, and high-speed Wi-Fi perfect for virtual meetings.

With 4 spacious guest beds and a welcoming kitchen, you'll have everything needed for short or extended stays. The property's standout perk is our 24/7 free parking - a rare asset in this market. While our £91 rate is 41% below the neighborhood median, we've found through guest feedback that emphasizing our contractor-friendly amenities and parking advantages helps attract consistent bookings.

Please note: We require a 30-day notice for stays longer than 7 nights.

Amenity gaps guests filter for

- Outdoor space with seating
- Smart TV in common area
- In-unit washer/dryer

Cover photo strategy

Use the front parking lot exterior as cover photo to immediately highlight one of our strongest differentiators (free parking visibility). This aligns with market demand for transparent access to essential amenities like parking in urban locations.
