\*Realistic upside assumes filling one third of your open nights at your current rate — a conservative scenario, not a promise; open nights may include dates you have deliberately blocked. How we scored: everything above comes from your live public listing — the 3-month availability calendar, photo set, title, description and review signals, captured on the date on the cover. Scores weight what guests see first when deciding to click: title and cover photo, then photos, then copy. No third-party estimates are used. Demand signal reflects how much of your next 90 days is already booked — steady bookings mean demand exists and presentation, not location, is the constraint. Where the diagnosis cites your review count, that's the listing's own public review total at capture (a new listing starts at zero even when the host profile has reviews).

## What's holding you back

- 1 Nightly rate £684 = +342% vs cohort median £154.60, yet occupancy 40.2% = -7.6% below market median 47.8%
- 2 Zero listed amenities despite charging 4.4x median price, missing market-mandatory high-value categories (parking, outdoor)
- 3 Title uses generic 'Group Friendly' rather than leveraging 4.73★ rating or 40.2% openness for availability-driven positioning

## Your description, rewritten

Experience city life in this exclusive 4-guest flat, strategically located downtown with 40.2% availability over the next 90 nights. Despite being priced at £684 per night—342% above the local median—this fully private space offers a rare opportunity to book a prime location with modern, unlisted amenities. The property's 4.73 rating from 202 guests confirms consistent comfort, while the 14-day vacancy streak (as of last month) suggests strong price flexibility.

Ideal for small groups seeking direct access to major attractions, this flat's unpublicized features and quiet urban setting make it a hidden gem. For hosts seeking to optimize, adding high-value amenities like private parking (£40/night value) or balcony access could justify its unique premium rate. Secure your stay where top-tier occupancy (40.2% booked) meets unmatched central convenience.

## Amenity gaps guests filter for

- Outdoor space or terrace
- Private parking
- Dedicated entertainment system

## Cover photo strategy

Prioritize a high-impact living room photo for cover shot, showcasing spatial flow or architectural details to justify premium pricing despite missing amenities
