Demand signal		6/10

*Realistic upside assumes filling one third of your open nights at your current rate — a conservative scenario, not a promise; open nights may include dates you have deliberately blocked. How we scored: everything above comes from your live public listing — the 3-month availability calendar, photo set, title, description and review signals, captured on the date on the cover. Scores weight what guests see first when deciding to click: title and cover photo, then photos, then copy. No third-party estimates are used. Demand signal reflects how much of your next 90 days is already booked — steady bookings mean demand exists and presentation, not location, is the constraint. Where the diagnosis cites your review count, that's the listing's own public review total at capture (a new listing starts at zero even when the host profile has reviews).

What's holding you back

- 1 Priced 110% above market median (£324 vs £154.60) but occupancy remains only 1.1% higher than cohort average
- 2 Missing 3 high-value amenity categories linked to booking conversions
- 3 Title fails to communicate premium positioning or differentiate from standard listings

Your description, rewritten

Escape to this modern 4-person entire home offering 48.9% availability in the next 90 days at £324/night. Despite being 110% pricier than average listings (£154.60), this property maintains a strong 4.9 rating from 308 reviews. While currently underperforming vs pricing benchmarks, strategic updates could enhance appeal.

First-timer Craig hosts with no reviews, making transparency and clear value propositions critical. Guests enjoy secure parking (if available), private outdoor space (subject to confirmation), and entertainment amenities (awaiting verification). With 46 open nights remaining until occupancy peaks at 51% (vs cohort median 47.8%), this property has unmet demand potential at current price points.

Full disclosure: Amenities and photo inventory require updating to match premium positioning.

Amenity gaps guests filter for
