### PHOTO QUALITY SCORE

### WHY IT'S SITTING EMPTY

- Title exceeds Airbnb's recommended 50-character limit (has 52 characters) and lacks SEO-focused descriptors like 'contractor' near the beginning
- Nightly rate is £63.60 below cohort median (£91.0 vs £154.60) yet occupancy remains 4.3 percentage points below market norm (43.5% vs 47.8%)
- No amenities listed in the database despite free parking being mentioned in title - a major lost opportunity to claim ownership of a valuable differentiation factor

## **Cover photo strategy (from the full report):**

Use the front parking lot exterior as cover photo to immediately highlight one of our strongest differentiators (free parking visibility). This aligns with market demand for transparent access to essential amenities like parking in urban locations.
