WHY IT'S SITTING EMPTY

- With a nightly rate of £2803.0, 2572% above the cohort median of £104.90, and an occupancy rate of 22.8%, 26.1% below the cohort median of 48.9%, there is a significant gap in the pricing strategy.
- The listing has 53 photos, more than twice the cohort median of 23, but the order and focus of the photos could be optimized to better showcase the property's best features.
- With 69 open nights in the next 90 days, there is a huge opportunity to improve occupancy and increase revenue, potentially by £193,947, based on the nightly rate and open calendar days.
