WHY IT'S SITTING EMPTY

- Reduce the nightly rate from £191.4 (82% above the £104.90 median) to improve the 90-day occupancy, which is currently only 38% versus the market 48.9% median.
- Add high-impact amenities such as air conditioning and a tumble dryer, and provide a basic essentials kit, to close the most noticeable gaps compared with competitor listings.
- Increase the photo count from 16 to at least the market median of 23 and reorder so the living-room balcony shot leads, adding a few lifestyle images of the neighbourhood and amenities.
