7.0/10 (industry avg: 6.4/10)

WHY IT'S SITTING EMPTY

- Your nightly rate of £1,421 is +1255% above the city median (£104.90) while your 90-day occupancy is only 35.9% versus the market average of 48.9% - consider a price adjustment or added value to boost bookings.
- The current title does not leverage high-impact keywords; replace it with a 50-character, SEO-friendly version that features "hot tub", "peak forest" and "14 guests" to improve search visibility.
- Reorder the photo set so the first image is the panoramic view, reduce the total to ~30 targeted shots, and ensure each key amenity (hot tub, views, entertainment) appears within the first five photos to increase conversion.
